

INTRODUCING CONTACT CAPTURE[®] BY DUPLI

New DupliOnline™ technology that enables the download of contact information into any mobile device

With DupliOnline™, simply input your contact information and our Contact Capture® platform will generate a proof for you to review, complete with a QR code that scans to your personalized mobile contact page using any smartphone.

With a click of a button, the recipient can download your contact information directly to their smartphone, ensuring your information is always a tap away.
